David,

Yes, plan to finish inspection on Wed then do samplers Thursday – Friday. The dive team only covered about ¼ acre on Monday, but it was going much faster at end of day. Will have a much better idea today on whether the inspection will be finished on Wed. If not, planning to pull off inspection to do the samplers Thurs & Friday, then finish rest of inspection next week.

Regards,

Gary Miller

Subject: San Jacinto Dive Team Inspection

Gary – Just confirming that we are ready for you guys to come out for the subject inspection on Monday 4/4. Can you, or one of the dive team members, give us a heads up of when you would like to start? I'm assuming everyone would meet at the boat ramp where we met before. Is that correct?

Our current schedule is for the Dive Team to finish the cap inspection on Monday – Wednesday next week, and then install the cap pore water samplers on Thursday and Friday. Does that fit with you and your team's expectations?

9768749

Please let us know.

Thanks,
David
